THE CITY OF WIXOM 2009 ROAD MAINTENANCE PROGRAM LIBERTY DRIVE RECONSTRUCTION

As part of the City's annual road maintenance program, pavement improvements will be made along Liberty Drive. This work is scheduled to begin in late May and completion is anticipated in July. The work will consist of removing and replacing the existing asphalt pavement and base material, with some curb & gutter repairs and minor storm sewer improvements. 2-way traffic will be maintained at all times, but delays can and will likely occur. Some driveways may be closed temporary as repairs are being made. We ask for your patience during this construction project. Please excuse the inconvenience.

Additional information, including project updates and frequently asked questions, can be obtained from our website:
