***Public Informational Meeting Notice
2009 Road Maintenance Project
(Liberty Drive)***

You are invited to a Thursday, May 14th, Public Informational Meeting regarding the pavement rehabilitation of Liberty Drive. The Public Informational Meeting will start at 10:00 a.m. in the Wixom City Hall at 49045 Pontiac Trail. Wixom's engineers will be present to make a brief presentation about the project, critical dates, schedules, points of contact for concerns and information, and "what to expect" during construction.

For your information, the project consists of: removal of the existing pavement and aggregate base, localized subgrade undercuts, installation of new aggregate base and hot-mix asphalt pavement, and driveway and curb repairs, as needed. Construction will take place during regular business hours (7 a.m. to 6 p.m., Monday – Saturday), with two-way traffic being maintained at all times. However, some isolated delays will occur. Construction is planned to begin in mid to late May, and all restoration work will be completed by fall of 2009.

Should you be unable to attend the May 14th meeting, please feel free to contact the Department of Public Services at 248.624.4664 for additional information.
