***Re: Public Informational Meeting Notice
2010 Road Maintenance Project (Sibley Court)***

Dear Mr. & Mrs. Taylor:

The purpose of this letter is to invite you to a Thursday, May 20th, Public Informational Meeting regarding the pavement rehabilitation of Sibley Court. The Public Informational Meeting will start at 6:30 p.m. in the Wixom Community Center at 49015 Pontiac Trail. Wixom's engineers will be present to make a brief presentation about the project, critical dates, schedules, points of contact for concerns and information, and "what to expect" during construction.

For your information, the project consists of removal of existing pavement and aggregate base, localized subgrade undercuts, installation of new aggregate base and hot-mix asphalt pavement, driveway approach repairs, curb repairs, and limited storm drainage modifications as needed. A majority of the construction is planned to take place during regular business hours (7 a.m. to 6 p.m., Monday - Friday), with two-way traffic being maintained at all times. However, some isolated delays will inevitably occur. Construction is anticipated to begin in mid to late June and all restoration work is expected to be completed by Labor Day.

Should you be unable to attend the May 20th meeting, please feel free to contact myself or Deanna Murphy at the Department of Public Services at 248.624.4664 for additional information.

Sincerely,

Anthony W. Nowicki
Assistant City Manager
