Hubbell, Roth & Clark, Inc. Welcomes Trevor Wagenmaker, P.E. as Mid-Michigan Process Manager

For Immediate Release:

Trevor Wagenmaker, P.E.
Mid-Michigan Process Manager

Hubbell, Roth & Clark, Inc. (HRC) welcomes Trevor Wagenmaker, P.E., as Mid-Michigan Process Manager. Mr. Wagenmaker brings significant technical expertise to HRC's Delhi and Howell office locations, further strengthening HRC's presence in the Mid-Michigan area. Mr. Wagenmaker joins HRC with 21 years of professional experience in the design of municipal water and wastewater treatment facilities, elevated and ground water storage facilities, combined sewer overflow facilities, sanitary, storm and water utility systems as well as roads, bridges and dams, in his previous role as Project Manager for Michigan-based and national consulting engineering firms.

Mr. Wagenmaker is a registered Professional Engineer in the state of Michigan, and holds a bachelor's degree in Civil Engineering from the University of Michigan. He is a member of the American Water Works Association and the Water Environment Federation.

For over 95 years, HRC has been providing consulting engineering and architectural services to municipal, industrial and private clients throughout southeastern Michigan, in addition to servicing various national clients. As a full service, multi-disciplined firm, HRC is comprised of over 140 engineers, professional surveyors, architects, technicians and support staff, including LEED AP accredited professionals. HRC is an Engineering News Record (ENR) Top 500 Design Firm and Top 50 Trenchless Technology Design Firm whose work has been recognized by numerous prestigious industry awards. HRC has offices in Bloomfield Hills, Grand Rapids, Howell, Detroit, Mt. Clemens, and Delhi, Michigan. For more information, visit our web site at www.hrc-engr.com.
