

GREEN AWARDS

2009 HRC's Client, Delhi Charter Township, earned a USEPA Region V 2008 State Revolving Fund (SRF) Performance & Innovation in the SRF Creating Environmental Success (PISCES) Award for its Publicly Owned Treatment Works Class A Biosolids Stabilization and Combined Heat and Power System, designed by HRC.

2009 HRC contributed an article titled "Why Not Green Infrastructure?" to the "APWA Reporter" for publication in their May 2009 Sustainability issue. The issue earned a 2009 ECO Award of Merit for "Print Magazine," for APWA Reporter's first-ever "Sustainability" issue. The award recognizes and honors excellence in the environmental communications field. ECO Awards is sponsored by Global Environmental Communications, LLC, a company dedicated to the topic of environmental communication.
